PRODUCT DATASHEET

Disposable 2L Bowl w/Hygiene Control Bag™
WardPak™

Brand	:	CURAS®
Category	:	Nursing
Range	:	Hygiene Pulp™
Product Group	:	Wash Bowls & Basins
REF	:	08026

PRODUCT DESCRIPTION

Disposable 2L bowl with Hygiene Control Bag™ featuring water and soap resistant properties. Packed in WardPak™ (inner bag) for easy dispensing. Non-sterile.

INTENDED USE

2L disposable bowl with Hygiene Control Bag™ can be used for a variety of functions, such as body cleaning/washing carry liquid contents, hold dressing/bandage, collect human waste, etc. Suitable for single use only.

FEATURES& BENEFITS

- Disposable and single use can reduce risk of cross-contamination and Hospital Acquired Infections (HAI).
- Hygiene Control Bag™ helps to shield the bowl, enhance product usage and provide extra strength and protection.
- Clean and lint-free for better hygiene performance.
- Hygiene Control Bag™ allows the bowl to be water resistant and detergent proof, thus suitable to serve as a washbowl for body & face cleaning or washing.
- Hygiene Control Bag™ is useful and convenient for isolating and disposing dangerous or contaminated waste after used.
- Can apply Super Absorbent Polymer (SAP by Curas™ - REF 08100-08102) to stabilize liquid content and prevent accidental spills.
- Serve as an emesis basin for bedridden patients.
- Suitable to be used as a general waste collection bowl to hold used diapers, used wipes, dressing or dirty cloths.
- Flat base design of the bowl for stable placement.
- Bowl with reinforced base to maintain material strength during usage and transportation with contents.
- Bowl available with wide and reinforced rim for easy holding and handling when content is full.
- Product is stackable for easy storage and reduces space.
- Inner bag, WardPak™ protects product from dust and contamination and allows for easy dispensing at ward level.
