suma® Base Pur-Eco

M4

Manual dosed mechanical ware washing detergent

Description

Suma Base Pur-Eco M4 is a high performance manual dosed machine ware washing powder detergent specially formulated for excellent soil removal in all water conditions.

Key properties

Suma Base Pur-Eco M4 is an alkaline powder detergent suitable for use in small, commercial ware washing machines. It contains a blend of mild alkali and enzymes for effective removal of grease and fats. The formulation also contains a powerful sequestrant for prevention of scale in all water conditions, and active oxygen for effective removal of stains.

Benefits

- Superb results due to effective, free-flowing granulated powder formulation
- Effective stain removal by the presence of active oxygen
- Effective starch and protein removal by presence of enzymes
- Suitable for all water conditions
- Stable, free-flowing formulation is easy to dose
- EU Ecolabel certified

Use instructions

Attempt to wash full machines whenever possible.

Avoid under or over dosing the detergent.

Wash at the lowest temperature possible resulting in hygienic dishes.

Dosage*

Add dosage at a concentration of 1,0-4,0g/l*, dependent on water hardness and the local conditions.

Actual dosage will depend on site conditions (water hardness, degree of soiling, procedures).

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

EU Ecolabel: SE/038/001

The logo for Diversey, featuring the brand name in a white serif font inside a dark blue leaf-like shape with a white outline. A small 'TM' trademark symbol is positioned to the right of the name. Below the leaf shape, the word 'suma' is written in a white, lowercase, sans-serif font, with a registered trademark symbol (®) to its upper right. The 'suma' is partially enclosed by a white circular arc.
