# Disposable Bedpan Liner 2L, Large, w/Lid,WardPak<sup>™</sup>

Brand : CURAS<sup>®</sup>
Category : Nursing

Range : Hygiene Pulp™

Product Group : Human Waste Collection

REF : 08000

#### PRODUCT DESCRIPTION

Disposable bedpan liner made of pulp material with water resistance properties. 2L capacity. Suitable for disposal in a macerator. Lids are included for emergency use. Packed in WardPak™ for easy dispensing. Non-sterile.

#### **INTENDED USE**

Disposable bedpan liner is used for the collection of both urinary and faecal discharge of toileting bedridden patient. Suitable to be used on the bed or on commode chair. Maybe used by double stacking, or in conjunction with a plastic bedpan support. Single use only.

#### **FEATURES& BENEFITS**

- An environmental friendly product that is made of 100% recycled newsprint paper.
- Disposable and single use can reduce risk of cross-contamination and Hospital-Acquired Infections.
- Water resistant, for a minimum period of 4 hours (applicable to bedpan only).
- Integrated graduation marking for measurement indication.
- Stack 2 pieces or more during application if required, to achieve extra stability and better hygiene, if required.
- Fits perfectly into standard plastic support (REF 08110) for extra stability.
- Designed to alsofit well onall standard commode chairs.
- Unique ribbed design provides extra strength and supports weight of contents when full.
- Reinforced rim for easy holding and handling when the bedpan is full.
- Rounded edges on the base prevent cracking and increase wet strength.
- Designed to be stackable for easy storage and to reduce space.
- Disposable lid for discretion, and helps to contain odours and prevent accidental spills.
- Inner bag, WardPak™ protects product from dust and contamination.

# **PRODUCT SPECIFICATIONS**

REF	Capacity	Dimensions (L x W x H)	Average Weight/Pc	Packing
08000	2L	36 x 28.8x9.9 cm	60g ± 4 g	WardPak™
