Page 1 of 6

Product Name: Travel Sock

Nart / Description: Refer to Attachment 1.**Description:** RTW medical sock for the management of mild venous indications requiring gradient compression.**Function / Reliability:** The external compression at the lower extremities provided by gradient compression socks reduces stasis and increases blood velocity in the venous system.**Indications:**

1. Help prevent edema and leg discomfort
2. Help prevent deep vein thrombosis for long distance travelers

Contraindications:

1. Ischemia (e.g. advanced arterial disease)
2. Uncontrolled congestive heart failure
3. Untreated septic phlebitis
4. Phlegmasia cerulea dolens

Cautions:

- Appropriate footwear must be worn when walking to prevent falls
- Skin infections
- Weeping dermatosis
- Incompatibility to fabric of garment
- Impaired sensitivity of the limb
- Immobility (confinement to bed)

Other Recommendations

- Incorrectly measured and badly fitting compression garments may cause problems during wearing
- Open wounds must be covered with an appropriate dressing before the compression garment is put on

Duration of Application:

Up to 16 hours per day

Distribution Countries:

Australia, Belgium, Canada, Colombia, Germany, Spain, Italy, Netherlands, Portugal, United States America, Venezuela, Sweden, Norway, Denmark, Finland

Product Name: Travel Sock

Manufacturer / Supplier & Locations:Legal Manufacturer:

BSN medical Inc.
100 Beiersdorf Drive
Rutherford College, NC 28671

EU Rep.

BSN medical GmbH
Quickbornstrasse 24
20253 Hamburg, Germany

Distribution Channels:

Pharmacies, Drug Stores, Sanitary Supply Shops, Medical Supply Shops, Practitioners, Nurses, Hospitals, Retail, Wholesalers, Distributors, Department Stores, E-commerce Channels,

Classification:

(According to MDD, Directive 93/42/EEC, Appendix IX, III 1.1 Rule 1):

Medical Device (Class 1) - EU

Medical Support Stocking (Class 2) – USA

Shelf Life: Products have no defined shelf life.**Storage Conditions:** General Warehouse**Further Authorized Claims for Promotional Materials:**

1. Decreasing pressure gradient from distal to proximal
2. Compression at the ankle (B level) 15-20 mmHg* [Compression class 1]
3. Knit-in anatomical shape and fit
4. Two-way stretch
5. Uni-sex design
6. Maintains pressure profile and fit on a wide range of legs as defined by sizing table
7. Soft textile touch with cotton blend
8. Skin-friendly, air-permeable textile
9. Reciprocated toe and heel
10. Reciprocated toe and heel for added comfort
11. Reinforced toe and heel for durability
12. Seamless circular knitting
13. Stylish rib pattern
14. Smooth color distribution
15. Flat seams
16. Comfortable

Product Name: Travel Sock

17. All day comfort knee band
18. Great looking, great feeling legs
19. Styles: knee
20. Available in 5 sizes and four colors
21. Helps prevent swelling, discomfort and energizes legs
22. Looks like fashion socks for business or casual wear
23. Ideal for those who travel by airplane, car, train, or bus
24. Effective to manage pain and discomfort...(see indications)
25. Comfort, Health, and Style
26. Helps reduce the risk of deep vein thrombosis (DVT)
27. Therapeutic / Medical
28. Long-lasting
29. Physician recommended gradient compression
30. The travel essential that helps protect your health and energizes your legs.
31. Helps make travel a healthier and more comfortable journey
32. Specially designed to counteract the effects of inactivity during travel
33. Leave travelers refreshed when they reach their destination
34. Excellent breathability
35. Latex Free Formula
