Medidos De Luxe No 1

Medidos De Luxe can take the worry out of dispensing tablets for people of all ages. The No.1 model consists of seven separate boxes – one for each day of the week – packed in robust wallet with a velcro fastener. The boxes are marked Breakfast, Lunch, Dinner and Bedtime.

There are three movable dividers, so the size of the compartments can be adapted to accommodate different numbers of tablets. There is also an one-piece cover, enabling the user to take one of the boxes out, without the need to carry the whole dispenser.

For safety's sake, a patient record card is enclosed so that medication details need not go astray. Pencilled notes can be written on the base of the day boxes.
